EMPLOYEE OF THE MONTH

Name: Amy Reuthinger

Education: BS in Health Education; M. Ed in Special Education

How long you have worked at Epic Strides: 11 months

Career Aspirations: To help and encourage children to reach their goals in life

Throughout college, I had several opportunities to work with children with disabilities. After I graduated college, I knew that this was the field that I wanted to pursue. I decided to get my Masters in Special Education in order to expand my knowledge of the field. I knew that I wanted to work with children in an environment that was more personalized to them and their needs, so ABA was the perfect fit.

When I have free time, I love to make things. I love to crochet different things like blankets and sweaters. I always have a new project that I am working on. I also love to spend time outside. My family and I have been going to different state parks the past few years. We have hiked in New Mexico, Texas, and Arkansas. I enjoy cooking and am always looking for new recipes to try.
